

STATE OF IOWA

1916

REPORT OF THE

BOARD OF PHARMACY

FOR THE

Biennial Period Ending June 30, 1916.

D. E. HADDEN, Alta, Chairman
A. C. WILSON, Oelwein,
GEO. D. NEWCOMB, Creston,
Iowa State Board of Pharmacy

HARRY E. EATON, Secretary-Treasurer
DES MOINES

DES MOINES

ROBERT HENDERSON, STATE PRINTER
J. M. JAMIESON, STATE BINDER

LETTER OF TRANSMITTAL.

Hon. George W. Clarke, Governor of Iowa:

Sir: We have the honor to submit herewith in accordance with law, the eighteenth biennial report of the Iowa State Board of Pharmacy for the period ending June 30, 1916, including a complete list of the registered pharmacists to date.

Des Moines, Sept. 1, 1916.

HARRY E. EATON,
Secretary-Treasurer.

MEMBERS OF THE IOWA STATE BOARD OF PHARMACY.

D. E. HADDEN, *Chairman*, Alta.

A. C. WILSON, Oelwein.

GEO. D. NEWCOMB, Creston.

HARRY E. EATON, *Secretary-Treasurer*, Des Moines.

BOARD OF PHARMACY REPORT

This biennial report is the banner one of this department in the matter of receipts. The increase shown over the last report is over eleven hundred dollars.

The number of registered pharmacists in good standing to date is 4784 an increase for the past two years of 147.

During the past year 142 have been registered by examination and two registered pharmacists have had their certificates canceled. One for the illegal sale of liquor, and one for being intoxicated in his place of business.

Since our last bulletin was issued, we have had equipped our new laboratory and are now giving practical prescription work in connection with our examinations—which we have found to be very beneficial, and the applicants have expressed themselves as well pleased with this addition.

We have had quite a reduced number of applicants during the past year for examinations. Whether this is due to the new educational requirement or to natural causes, we do not know.

We are glad to report that there are very few violations among the druggists of the state for selling drugs and medicines that do not come up to the standards. The greatest source of violation comes from the itinerant vendors selling without a license, and in some instances they are encouraged in this by the company they represent, while in others, it is through their ignorance of the law upon this point. We know there are many vendors in the state operating without the state license, but it is no easy matter for us to locate them without some assistance, and we would appreciate it if the druggists over the state would notify us of any vendors traveling in their territory, that we may know if they are on the license list.

We are of the opinion that Section 2594 of the Code, relating to the revocation of certificates should be amended to conform with Rule 10 of the Board, as the flexibility of a rule should not be permitted upon so vital a point as a registered pharmacist conducting their place of business when under the influence of either, "narcotic drugs or intoxicating liquors."

The number of itinerant vendors is on the increase, and we notice a growing tendency among them to branch out along other lines than family remedies, such as stock dips, poisonous rat preparations, poultry and stock remedies of various kinds, and lemon and vanilla flavoring extracts in pint and larger sizes which they find to be in much demand since the mullet law was repealed, and we would favor some law that would definitely define just what drugs and medicines they should be permitted to sell, if they are to continue in the open field of a legalized profession without any knowledge whatever of the character or effects of the supposed remedies they are selling.

The following are the receipts from June 30th, 1914 to July 1st, 1916:

Itinerant Vendor's Licenses.....	\$62,200.00
Pharmacist's Renewal Cards.....	9,367.00
Examinations.....	2,150.00
Reciprocal Registrations.....	220.00
Change of Locations.....	292.00
Certificates of per cent.....	100.00
Duplicate Certificates.....	22.00
Transfer of Licenses.....	175.00
Exchange of Checks.....	1.12
Total.....	\$77,566.12

The State Treasurer's receipts for the above amount are on file in the office.

RULES

The following rules have been adopted by the commission in accordance with the authority of code, section 2584:

Rule 1. All applications for examination shall be made upon blank forms which will be furnished by the secretary of the commission on request. All applications for registration must be filed in the secretary's office at least one week prior to the date of examination.

Rule 2. All applicants for examination must be of good moral character, able to speak, read and write the English language, and shall present to the board certified evidence of having completed a course of studies equivalent to the 10th grade or two years in a high school, or be required to pass a preliminary examination prescribed by the board.

Rule 3. Any person who shall give or receive assistance of any kind in the examination may be summoned by the board and required to submit to a new examination. Should the person so summoned refuse or neglect to obey the order of the board, or should they appear from such second examination to be incompetent and not possessed of the requisite knowledge and skill, the board will cancel his or her certificate and strike their name from the register. In like manner the board will cancel the certificates of all persons who have secured registration by fraud or false representation.

Rule 4. Examinations shall be given in the subjects of pharmacy, materia medica and chemistry, together with oral and practical work. The first three subjects shall be conducted in writing.

Rule 5. The passing grade for registration shall be not less than 75 per cent as a general average, and not less than 60 per cent in any one subject.

Rule 6. All persons holding a registered pharmacist certificate, or an assistant pharmacist certificate who become delinquent with their certificate renewal, shall be dropped from the list of registered pharmacists, and when so dropped, they can only be reinstated by unanimous consent of the board.

Rule 7. Whenever application be made to the board to revoke certificates of registration for violation of any of the laws or rules governing registered pharmacists, the prosecution shall present and file with the secretary of this board a duly certified transcript of the final judgment of conviction, identifying the guilty party by giving the number of his or her certificate of registration. Upon filing of the application for revocation, with the transcript aforesaid, the board shall fix a time for the hearing thereof, and shall cause written

notice of said complaint to be served upon the accused at least ten days prior to the time fixed for such hearing. Said notice shall in general terms inform the accused of the nature of the charge against him, and of the time and place where the same will be heard. The accused may, on or before the day set for the hearing, show cause why his certificate should not be revoked.

Rule 8. All pharmacists are forbidden to sell any bitters, cordials, elixirs, wines, etc., put up in the form of proprietary medicines, where the same can be used as an intoxicant unless the pharmacist holds a permit authorizing him to sell intoxicating liquors, and sale must be made then only in the same manner as any other intoxicating liquor, by requiring the purchaser to apply in writing thereof upon the regular form.

Rule 9. If the standard of strength of a pharmaceutical preparation differs from that determined by the test laid down in the U. S. P. or National Formulary, the label in addition to the statement showing the exact quantity of alcohol or certain drugs contained therein, must also bear a statement as follows: Less Than Standard Strength.

Rule 10. Any registered pharmacist who shall be addicted to the habitual use of narcotic drugs or intoxicating liquors, and shall be found in their place of business under the influence of such drugs, or in an intoxicated condition, may have their certificate of registration suspended upon proof of guilt being furnished the board.

Rule 11. When registered pharmacists cease connection as active owners or clerks in a drug store or other place in which the services of a registered pharmacist are required, they shall within a period of ten (10) days from such time remove their certificate from display. A failure to comply with this rule shall be a sufficient cause to have such certificate taken up by any member of the board.

REGULATIONS.

For the information of pharmacists throughout the state, the board desire to call attention to some of the important provisions of the statute:

First—All examinations in pharmacy will be held in the State House in the City of Des Moines, except one, which may be held at Iowa City. Dates of examinations will be the third Wednesday and Thursday of January, April, September and November.

Second—The certificates of all registered pharmacists must be conspicuously posted in the pharmacy or department in which they are conducting or employed, with the renewal card for the current year, and change of location card (if they have changed location) in the margin of their certificate, to show to the public that their registration is in full force and effect.

Third—All registered pharmacists when they change their locality are required to notify the secretary of the board, and have their change of locality recorded, otherwise they are liable to a fine for delinquency, and when so delinquent, their certificates are not in full force and effect. A fee of fifty cents is charged for each change within this state.

Fourth—A registered pharmacist's certificate is regarded "in full force and effect" when they hold a renewal of their certificate from March 22d to March 22d of the current year, and change of location card (if they have changed location), unless subsequently revoked.

Fifth—Annual renewals are not required or issued for the first part of a year preceding the 22d day of March; the Pharmacist's certificate or registration is evidence that it is in full force and effect from the date of its issuance to the following 22d day of March.

Sixth—Registered pharmacists are exempt from jury duty.

Seventh—The sale of homeopathic medicines, except such as the law denominates "proprietary medicines," properly comes under the regulations of the pharmacy law, and all proprietary medicines containing poisons or intoxicating liquors can be sold only by registered pharmacists as provided by the pharmacy law. The sale, therefore, of any quantity of poison or poisonous preparations enumerated in section 2593 of the code, or of proprietary medicines containing such poisons, can only be made by registered pharmacists. In our opinion, a technical construction is warranted in the sale of a single bottle of these remedies (except as provided in section 2593), for notwithstanding the contents of an entire bottle proved harmless, the purchase and use of several bottles of the same might be fatal.

Eighth—It is impossible to keep a correct alphabetical list of names of the pharmacists of the state because of the constant change made in the list; we therefore earnestly request all registered pharmacists when corresponding with the board to give the number of their certificates as well as their names.

Ninth—The board after conferring with the attorney general upon section 2386 of the code as to how much intoxicating liquors a registered pharmacist not a permit holder would have the right to carry in stock, it was thought best not to rule upon this point as the conditions vary so much in different localities and different stores, but it was decided that they would have the right to keep a sufficient amount in stock for legitimate uses of compounding. The board will in no way defend the keeping in stock of an amount that would be construed that the liquors might be for sale for other than pharmaceutical purposes.

Tenth—The sale of all malt preparations which may be used as a beverage is absolutely prohibited by pharmacists, even though they hold permits to sell intoxicating liquors. See Sec. 2385 of the Code of Iowa.

GENERAL INFORMATION.

We have been annoyed considerably by affidavits made by proprietors in the matter of certifying to the experience of their clerks, and in most cases we believe there has been no intention of making any false statements, but the wording in the new applications has been changed so that it will not be necessary for a proprietor to certify to the experience of a soda clerk or cigar girl, as having been in their employ, and we would particularly call your attention to this when filling out the application.

Preparations called Rat Annihilator, Rat Mum, Rat Nip and others (phosphorus poisons) are being sold by the manufacturers to general merchants in this state, their agents stating they could be sold by anyone. They are not only labeled as poisons, but the antidotes are given on the package, and we wish to call the druggists' attention to this violation, and ask that they report same to our secretary, who will report it to the proper commissioner. Especial attention is called to section 4999-a 42. Considerable complaint has been made to the board upon this statute, and some serious results have occurred.

Sec. 4999-a42. Depositing samples on porches, lawns, etc., prohibited.—That it shall be unlawful for any person, firm, company or corporation, either in person or by agent, to deposit any samples of any drugs or medicines upon any porch, lawn, in any vehicle or any other place where such drugs or medicines might be picked up by children or other persons.

RECIPROCAL REGISTRATION.

Any pharmacist who is registered by examination in any state which is an active member of the National Association of Boards of Pharmacy may secure registration in any other state by sending the fee of \$15.00 to the secretary of the national association for the necessary application blank, which will indicate that this fee has been paid, and filing said application with the secretary of the board in which they desire registration, which has been certified to by themselves and by the secretary of the board where they first obtained registration.

Said application must indicate the following:

- (a) They shall be twenty-one years of age.
- (b) That they shall have had at least a grammar school education or its equivalent.
- (c) That they must present evidence of good moral character from two registered pharmacists in the state from which they come.
- (d) That they shall have had at least four years actual experience in a pharmacy where physicians' prescriptions were compounded and dispensed under the direct personal supervision of a registered pharmacist.

(e) That they shall have passed an examination in pharmacy, chemistry, materia medica and practical work and have made not less than 75% as a general average, and not less than 60% in any one branch.

(f) That the applicant must have practiced in the profession at least one year prior to making the application for reciprocity and subsequent to their examination by the board from which they come.

(g) They must be in good standing in the state from which they apply.

The following states are at present active members of the National Association of Board of Pharmacy and with whom reciprocal registration may be had under proper compliance to the rules of the association: Alabama, Arizona, Arkansas, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Missouri, Montana, Nebraska, New Hampshire, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Tennessee, Utah, Vermont, Virginia, West Virginia, Wisconsin, Mississippi, and District of Columbia.

Our state board now has a reciprocal agreement with Ohio also, though they are not members of the above association.

A fee of \$1.00 is required for certifying to grades.

The fee for reciprocal certificate in Iowa is \$10.00, which must accompany the application.

The secretary of the national association is H. C. Christensen, 450 Bowen Ave., Chicago, Ill.

RECIPROCAL CERTIFICATES.

During this biennial period we have issued 23 reciprocal certificates from the following places. Denmark, 1; Georgia, 1; Illinois, 4; Kansas, 1; Michigan, 2; Missouri, 3; Nebraska, 7; Oklahoma, 1; Wisconsin, 3.

ALCOHOL FOR ANTISEPTIC PURPOSES.

Pharmacists are subject to both federal and state laws regulating the use and sale of alcohol and a compliance with all federal acts does not necessarily mean a compliance with all state laws. The following letter mentions several formulas which can legally be filled under the federal act but it must not be understood that all of these formulas can lawfully be filled without violating the laws of Iowa regulating such matters. The following from the U. S. Internal revenue department explains the situation.

Query: Can a druggist who does not have a government license sell alcohol which has been "destroyed" in the manner described in Treasury Department Bulletin No. 1969, issued by the Internal Revenue Department, April 14, 1914.

D. G. Fletcher, Deputy Commissioner of Internal Revenue, Washington, D. C., answers as follows:

EIGHTEENTH BIENNIAL REPORT

"You are informed that a druggist may make sales of alcohol, denatured in accordance with the formulas set forth in Treasury Department Bulletin No. 1969, without incurring liability to special tax as liquor dealers, provided such sales are made solely in good faith for medicinal purposes." Dated Washington, D. C., Treasury Dept., Dec. 16, 1914.

Following are the formulas provided for in T. D. 1969:

1. Alum 19 grains, camphor 2 grains, alcohol 4 ounces.
 2. Carbolic acid, 1 part, alcohol 99 parts.
 3. Formaldehyde 1 part, alcohol 250 parts.
 4. Alum 2 ounces, sulphate of zinc 1 ounce, alcohol 1 gallon.
 5. Alum 1 dram, camphor 1 ounce, alcohol 1 pint.
 6. Bichloride of mercury 1 part, alcohol 2,000 parts.
 7. Alum 2 ounces, salicylic acid 2 ounces, oil gaultheria 2 ounces, water 1 pint, alcohol q. s. 1 gallon.
 8. Carbolic acid 2 drams, oil gaultheria 20 drops, alcohol 1 gallon.
 9. Bichloride of mercury 0.8 gram, hydrochloric acid 60 c. c., alcohol 640 c. c., water 300 c. c.
 10. Bichloride of mercury 1½ grains, hydrochloric acid 2 drams, alcohol 4 ounces.
 11. Bicarbonate of soda 2 ounces, extract of hamamelis 16 ounces, water 16 ounces, alcohol 16 ounces.
 12. Formaldehyde 2 parts, glycerine 2 parts, alcohol 84 parts.
 13. Oil eucalypti 1 dram, alcohol 1 pint.
 14. Tannic acid 12 parts, alcohol 125 parts, water 125 parts.
 15. Carbolic acid 1 dram, tannic acid 1 dram, alcohol 1 pint, water 1 pint.
 16. Alum ½ ounce, formaldehyde 2 drams, camphor 1 ounce, alcohol and water each 1 pint.
 17. Lysol 1 part, alcohol 99 parts.
 18. Liquor Cresolis Comp. (U. S. P.) 10 c. c. alcohol 1,000 c. c.
- As it is the policy of the office not to multiply the number of formulas, and as it is believed that those above set forth will meet all requirements, consideration will not be given to other formulas with a view to their approval and publication.

ROBT. WILLIAMS, JR.,
Acting Commissioner of Internal Revenue.

EXAMINATION SCHEDULE

In order that the pharmacists and students of the state may know something of the scope of our examinations, we are submitting below a specimen schedule given to a recent class.

This does not show, however, the practical test in prescription work that was given at that time.

PHARMACY.

1. What is meant by an immiscible liquid?; Define Isomerism.
2. On what kind or class of pills is Keratin and Salol used as a coating?; Why are these substances used for this purpose?
3. What is decantation? How is it best effected?
4. Give the official title, and ingredients in Paregoric, and Hoffman's drops.
5. What is the difference in strength of opium, between Laudanum and Paregoric? Give the percentage of morphine in each.
6. Give the drug percentage, and the menstrum used in making the following tinctures: Tr. Opium Deod.; Tr. Ammon. Guaiac.; Tr. Gallae; Tr. Sanguinaria.
7. How is Lead Plaster prepared? Give the ingredients in same.
8. What is Creosote? Name the official preparation, and its percentage of Creosote.
9. Give the Latin or English name for the following: Oil of Vitriol; Elix of Vitriol; Sal Ammoniac; Sugar of Lead; Sal Tartar; White Vitriol; Pyroxylin; Aqua Fortis; Chilli Salt Peter; White Precipitate.
10. How many Oleoresins are official? What menstrum is used in making Oleoresins?
11. What is a saturated solution? What effects the percentage strength of a saturated solution?
12. What precautions should be used in preparing Mercurial Ointment? Iodine Ointment?
13. What is the percentage of Mercury in Citrine Ointment? In what preparation of Mercury is Mercury used in the metallic form?
14. What per cent of absolute Hydriodic acid does Dil. Hydriodic Acid contain? Why is Pot. Hypophosphite used in making the above?
15. Name the alkaloids in the following: Calabar Bean, Golden Seal, Conium, Henbane, Bloodroot. Name the liquid alkaloid in the above.
16. What percentage of Strychnine does Ext. Nux Vomica contain? Name three fluid extracts that require a menstrum of boiling water.
17. How is Liquor Calcis prepared? In its preparation, why is the first portion rejected, and what percentage does the finished product contain?

18. What is Monsell's Solution? Donovan's Solution? Fowler's Solution? Labarraque's Solution? Lugol's Solution?

19. Give the distinction between Fowler's Solution and Donovan's Solution. What change takes place when Donovan's solution assumes a darkened color?

20. Name five official wines. What official wine contains Tartar Emetic?

MATERIA MEDICA.

1. Golden Seal—give botanical name, medicinal properties and active principles?
2. Croton Oil—give official Latin name, source, internal use and dose.
3. Cubeb—what part of the plant is official and medicinal properties? What should be done with the waxy crystalline deposit in oleoresin cubeb?
4. Aconite—give common name and part used. Symptoms and antidote of poisoning by aconite.
5. Rhamnus Purshiana—give English name, medicinal use and doses. What is the pharmacopoeial requirement as to gathering?
6. Ipecacuanha—give active principle. What are the uses of the drug other than emetic and expectorant?
7. Conium—what is it, and what is its active principle? Why is it medicinally uncertain?
8. Give brief definition of sporific: Germicide, Mydriatic, Hemostatic.
9. Give brief definition of the term Diuretic with example; Cholagogue, with example.
10. Pancreatin—From what obtained and medicinal use. What are enzymes?
11. What are gums, give example. Are the following gums? Opium, Kino, Aloes.
12. State how homatropine hydrobromide is obtained and give its dose. Why is it preferred to atropine?
13. Name two digestants obtained from the vegetable kingdom with dose? Two from the animal kingdom with dose?
14. Give official title and constituents of Dover's Powder.
15. Name four official salts of mercury and give their medicinal properties.
16. State the medicinal uses of Asafoetida. Spigella. Camphor. Ergot.
17. Name six drugs which should be entered in the Poison Register when sold?
18. Should a package of pills of aloin, strychnine and belladonna be labeled poison when sold? Give reason for your answer?
19. Name the best antidote for poisoning by sugar of lead? By oxalic acid?
20. What the provisions of the state law with reference to the sale of ergot, cotton root and certain other drugs of this class?

CHEMISTRY.

1. Give a brief outline of both Organic and Inorganic Chemistry.
2. Give the chemical formulas and Latin names of two organic acids.
3. Give the symbol and properties of hydrofluoric acid.
4. Give the method of preparing mercuric iodide. Show the equation.
5. Give the molecular weight of silver nitrate and show work how obtained.
6. Define and illustrate equivalence.
7. What do you understand by Positive and Negative atoms?
8. State the difference between elemental and compound molecules.
9. (a) In what compounds does Chlorine occur in nature? (b) How many compounds of Chlorine and Hydrogen are known?
10. Name five of the heaviest elements giving their atomic weights.

PHARMACEUTICAL PROBLEMS.

1. How much mercuric iodide would you use if you were required to make one pint of a 1 to 1,000 solution? Give answer in grams.
2. If you got an order for three dozen two ounce bottle of Tincture Iodine, what quantities of each ingredient would you use to fill the order?
3. Elixir Potassium Acetate, N. F. requires 85 Gms. to make 1,000 C. C. of the elixir. How many grains would you use to make 4 oz. mixture of a 2 per cent solution? Show work.
5. How much of each ingredient will be required to make 6 dos. Seidlitz Powders?
6. How many ounces of a 12 per cent solution can be made from a $\frac{1}{2}$ oz. (Av.) of Sodium Iodide?
7. How many Gms. would be required to make a 90CC mixture of a 4 per cent solution. Approximately. Show work.
8. If 6 Gms. of Silver Nitrate are dissolved in 54 Gm. of Distilled Water, what is the percentage strength of the solution?
9. What is the difference in grains between 1-6 pound Apoth. and 1-6 pound Av.? Show work.
10. If a physician wishes to administer 10 grains of Cinchona three times a day for ten days, what volume of Tincture Cinchona must be order for the purpose?
